

Dave Guillaume

Mr. Guillaume is a Building Construction Specialist in the Office of Fire Safety of the Michigan Department of Consumer and Industry Services.

Eric J. Hill, Ph.D., FAIA

Dr. Hill is Director of Urban Design and Planning at Albert Kahn Associates and is an Adjunct Professor of Architecture at the Taubman College of Architecture and Urban Planning, University of Michigan. He is an award-winning architect and urban designer and has provided design team leadership for such projects as the Wayne State Master Plan, Grand Circus Park, Detroit Opera House, Civic Center Riverfront Promenade and the adaptive reuse of the General Motors Building.

Charles W. Miller, Ph.D.

Dr. Miller is Chief of the Radiation Studies Branch, Centers for Disease Control & Prevention. He is an expert on the transport & dose assessment of radionuclides released to the atmosphere. Previously, Dr. Miller was at the Illinois Department of Nuclear Safety, Oak Ridge National Laboratory and Assistant Professor of Physics at Indiana University.

Doris Neumeyer, R. N.

Ms. Neumeyer is a Nurse Epidemiologist with William Beaumont Hospital, Troy, MI. She is an active member of the Emergency Task Force and has been involved with planning mock drills, facility risk assessment, bioterrorism preparedness, safety, infection control and coordination with outside agencies.

Captain John Ort

Capt. Ort is the commander of the Emergency Management Division and the Deputy State Director of Emergency Management of the Michigan Department of State Police in Lansing. He enlisted in the Department in June 1979, and during his 23-year career has served in the executive, fire marshal, field detective, and special operations divisions, as well as the uniform services bureau.

Don Parry

Mr. Parry is a Health Physicist with the Radiation Safety Section, Division of Health Facilities and Services, Michigan Department of Consumer and Industry Services. He is actively involved in inspections of radiation machines including Federally mandated mammography compliance inspections, as well as conducting plan reviews for radiation shielding of new installations.

Mitchell J. Rycus, Ph.D.

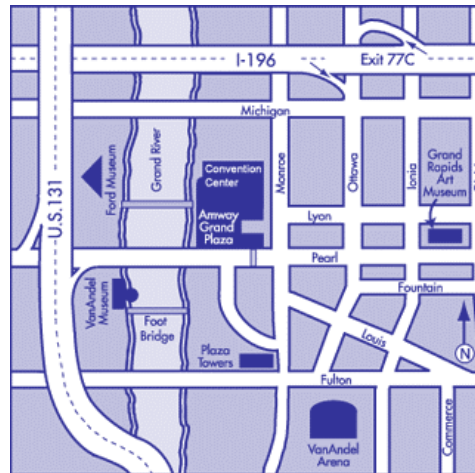

Dr. Rycus is a professor emeritus with the Taubman College of Architecture and Urban Planning at the University of Michigan and is former chairman of the Urban Planning Program and co-director of the Studies in Urban Security Group. He has consulted with the City of Detroit's Police, Fire/EMS and Water Departments and worked with the U of M's Safety and Security Task Force and the U.S. Presidential Commission on Critical Infrastructure Protection.

Jack Steiner

Mr. Steiner is a seasoned healthcare executive with over 25 years of experience. He has presented numerous seminars to diverse audiences from government, manufacturing, long term care, and many associations and organizations. For the past 22 years he has taught healthcare administration for Nursing Home Administrators in the Michigan State University Executive Programs department.

Walter S. Wheeler, III

Mr. Wheeler is Director of the Bureau of Health Systems of MDCIS, responsible for the regulation of healthcare facilities, systems and services. He has served as Chief, Office of Legal and Legislative Affairs for the former MDPH. He was chief draftsman of the Public Health Code.

The Amway Grand Plaza is located in downtown Grand Rapids. It is at the crossroads of both US-131 and I-96. Only a brief 18-minute drive from Gerald R. Ford International Airport.

Fee is \$260.00 if registration or payment is received after
March 1, 2003.

*The following additional representatives will attend the seminar (incl. AIA member numbers):

Speakers

William G. Barsan, M.D.

Dr. Barsan is Chair of the Department of Emergency Medicine at the University of Michigan and Director of the Emergency Department at the University of Michigan Medical Center. He serves as the Deputy Editor for "The Annals of Emergency Medicine" and is past President of both the American Board of Emergency Medicine and the Society for Academic Emergency Medicine.

Ann Burkle, R.N., B.S.N.

Ms. Burkle is the clinical coordinator for the Emergency Department at St. Anthony's Hospital, Oklahoma City, OK. She received her Bachelor of Science in Nursing from the University of Iowa.

Bart P. Buxton, Ph.D.

Dr. Bart Buxton is the Chief Operating Officer at Crittenton Hospital Medical Center in Rochester, Michigan. A team oriented "hands on" leader, he is leading a major expansion and renovation project that includes new JCAHO infection control requirements. Mr. Buxton will be joined by the Hospital's Infection Control Manager, **Judith Gula, R.N., BSN** and **Teresa Miller**, Project Engineer with the Barton Malow Company; both members of the Project Infection Control Team.

Loriann DeMartini, Pharm.D.

Dr. De Martini is Chief of the Pharmaceutical Consultant Unit, California Department of Health Services Licensing and Certification Program. Her responsibilities include development of state regulations and legislative policies and supervision of statewide field pharmaceutical consultants. She serves as a liaison with advocacy groups and State and Federal governmental agencies on issues pertaining to pharmaceutical services.

Howard B. Goldman, J.D.

Mr. Goldman is a Butzel Long Shareholder attorney specializing in real estate law. He has extensive background in financing and refinancing issues and has worked with a variety of properties including industrial, office, apartments, retail centers and residential lots.

Albert A. Goudreau, AIA, NCARB

Mr. Goudreau is principal in charge of Health Care Facilities for Wakely Associates located in Mt. Pleasant and Bay City, Michigan. His primary healthcare practice area for the past 20 years has been the continuum of Senior Living and Long Term Care.

Friday, April 4, 2003

Planning for Mass Trauma

Purpose
The Health Facilities Planning Seminar is held each year to provide Architects, Engineers, Health Care Executives and other interested professionals with the latest available information which will assist them in planning, designing, constructing and maintaining health facilities.
Who Should Attend
The seminar is ideal for all who are concerned with the implications of evolving healthcare technology upon facilities they plan, design, construct, administer or maintain.
General Information
Continuing Education—12 hours for licensed nursing home administrators. 12 hours for AIA/CES (Continuing Education System) for AIA members related to Health/Safety/Welfare. Include AIA membership numbers with registration.
Application should be made at the earliest possible date, as the enrollment will be limited.
The registration fee is \$240 for each person, either for full or part-time <u>Fee is \$260 if payment is received after March 1, 2003.</u> No registration fee refunds after that date.
All arrangements for lodging should be made by the individuals attending. Registration includes continental breakfast and lunch for both days.
Phone 1-800-253-3590 for reservations at Amway Grand Plaza Hotel.
